Cuba Friends of Architecture postpones release of DVD

NOV
30
2005

CUBA—Sponsors are still applying for time on the “Then And...Now” DVD that is being produced by the Cuba Friends of Architecture causing the postponement of its Christmas release. The CFA expects to have all information gathered before the end of December and will have both DVDs and CDs available in January free to all who sent a contribution or for sale. The CFA offers a newsletter and a free DVD to those who contribute \$25 or more. The first issue of the newsletter will also be released in January.

The month of October brought the following sponsors: Giant Food Mart, LC Whitford, Willard Simons DDS, Perrigo & Kahle, Cuba Cheese Shoppe, Jan's Outdoor Supply, Adams Water Well Drilling,

Attorney John Cappellini and the VFW.

The winner of the Chet Swier print of the Belleville Homestead was Ellen Peterson. Raffle tickets for the Main Street collage are still available at the Kopper Keg. The drawing for that will be December 3. Other fund raising projects will include a teddy bear tea, cemetery tour and quilt show. More on these events as they become finalized. Anyone wishing to make a donation may contact Kay Lee Bradley.

Representatives of Kinley Corp. have inspected the project site of the Palmer House and expect to deliver steel beams and supplies soon.

The CFA committee wants to thank all who have supported this project.
